PROCEDURAL EFFICIENCY. OPTIMIZED.

We’ve taken the efficiency of our multifunctional LigaSure™ Maryland jaw device to the next level — by putting nonstick nano-coating on the jaws.†

LigaSure™ Maryland Jaw Device with Nano-Coated Jaws

†Cleaning effectiveness assessed after each of two cleaning cycles.
Welcome Message

The Egyptian Society of Laparoscopic Surgery is pleased to welcome you to its Annual Congress, which is the usual combined gathering.

We look forward to your valuable contribution and knowledge exchange with different schools, as well as enjoying the warm weather of Egypt at this time of the year and its touristic attractions.

President
Prof. Faheem Bassiony

Program at a glance

**Day 1**

**14th February**

**Thursday**

- **08:30 am - 10:00 am**: Registration
- **10:00 am - 12:00 pm**: State of art Lectures I
- **12:00 pm - 12:30 pm**: Coffee Break
- **12:30 pm - 02:30 pm**: State of art Lectures II
- **02:30 pm - 02:45 pm**: ESLS Lecture
- **02:45 pm - 03:00 pm**: MMESA Lecture
- **05:00 pm - 06:00 pm**: Opening Ceremony

- **06:00 pm**: Dinner

**Day 2**

**15th February**

**Friday**

- **10:00 am - 12:00 pm**: Session 1 - Bariatric & Metabolic I
- **12:00 pm - 01:00 pm**: Coffee Break & Gomaa Praying
- **01:00 pm - 03:00 pm**: Session 3 - Italian Day
- **03:00 pm - 05:00 pm**: Session 5 - Colorectal
- **03:00 pm - 05:00 pm**: Session 6 - GIT
- **05:00 pm**: Lunch
Day 3
16 February
Saturday

10:00 am – 12:00 pm
Session 7
Bariatric & Metabolic II

10:00 am – 12:00 pm
Session 8
Hernia \ H.B.P (II)

12:00 pm – 12:30 pm
Coffee Break

02:30 pm – 04:30 pm
Session 10
Solid Organs

02:30 pm – 04:30 pm
Session 12
Miscellaneous

12:30 pm – 02:30 pm
Session 9
Bariatric & Metabolic III

12:30 pm – 02:30 pm
Session 11
Bariatric & Metabolic IV

04:30 pm
Lunch
Day 1
Thursday
08:30 am – 10:00 am  Registration
10:00 am – 12:00 pm  State of art Lectures

CHAIRPERSONS
- Ahmed Lotfy  Egypt
- Alaa Emara  Egypt
- Ali El Anwar  Egypt
- Donald Weaver  USA
- George A. Nashed  Egypt
- Ibrahim Galal  Egypt
- Mostafa El-Shazly  Egypt
- Nabil Shedid  Egypt

10:00 am – 10:15 am  State of art Lecture 1
- Rafik Shalaby  Egypt
Needlescopic surgery in pediatrics: State of art and innovations

10:15 pm – 10:30 am  State of art Lecture 2
- Mohamed El Gazayerli  USA
In Every Misfortune...There Is A Missed Fortune.

10:30 am – 10:45 am  State of art Lecture 3
- Elie H. Chelala  Lebanon
Concomitant Ventral Hernia & Bariatric Surgery: Strategy/Clinical Cases

10:45 am – 11:00 am  State of art Lecture 4
- Donald Weaver  USA
Failed Nissen Fundoplication: how to prevent and treat

11:00 am – 11:15 am  State of art Lecture 5
- Nader Francis  UK
Rational and indications for trans anal TME and could update them with the progress of our national training programme

11:15 am – 11:30 am  State of art Lecture 6
- Ahmed Nassar  UK
Operative difficulty grading: a research, audit and training tool

11:30 am – 11:45 am  State of art Lecture 7
- Andrew A. Gumbs  USA
Laparoscopic Right Hepatectomy, CBD Excision and Left Hepaticojjunostomy for BT-IPMN

11:45 am – 12:00 pm  State of art Lecture 8
- Sherif Hakky  UK
Unusual Bariatric Emergency

12:00 pm – 12:30 pm  Coffee break
Day 1
Thursday

12:30 pm – 12:45 pm
State of art Lecture 9
Mousa Khorsheed Kuwait
Revisional surgery. Preoperative assessment and definition of failure

12:45 pm – 01:00 pm
State of art Lecture 10
Adrian Park USA
New visions for Surgical visualization

01:00 pm – 01:15 pm
State of art Lecture 11
Rajkumar Vinayak Malaysia
Reflux Disease In Sleeve Gastrectomy: Why The Classic Allison’s Repair Fails & what are the Current Surgical Alternatives - “Surgeon’s Dilemma”

01:15 pm – 01:30 pm
State of art Lecture 12
Mohamed Jarallah Kuwait
LAGB by reduced ports

01:30 pm – 01:45 pm
State of art Lecture 13
Khaled Gawdat Egypt
Revisional Surgery after Gastric Bypass

01:45 pm – 02:00 pm
State of art Lecture 14
Nader Francis UK
Complete mesocolon excision - a move towards 3D lymphadenectomy for right hemicolecction

02:00 pm – 02:15 pm
State of art Lecture 15
Adrian Park USA
What are your options when your Heller fails for your Achalasia patient

02:15 pm – 02:30 pm
State of art Lecture 16
Ayed Alqahtani KSA
Laparoscopic sleeve gastrectomy after endoscopic gastroplasty: technical aspects
**Day 1**

**Thursday**

Day 1
Thursday

Italian State of art Lectures

Chairpersons

Alessandro Sandrini Italy
Botteri Emanuele Italy
Domenico Marchi Italy
Gianluigi Melotti Italy
Lorenzo Pandolfini Italy
Roberto Lo Tesoriere Italy
Silvia Pessione Italy

03:00 pm – 03:30 pm
Lecture 1
Botteri Emanuele Italy
Laparoscopic gastric palliative surgery: indication and outcome in geriatric hospital.

03:15 pm – 03:30 pm
Lecture 2
Roberto Lo Tesoriere Italy
Ultrasound guidance to laparoscopic liver resections

03:30 pm – 03:45 pm
Lecture 3
Silvia Pessione Italy
Are there any limits for laparoscopy in splenomegaly? Our experience

03:45 pm - 04:00 pm
Lecture 4
Gianluigi Melotti Italy
Laparoscopic treatment of splenic Cyst

04:00 pm - 04:15 pm
Lecture 5
De Sena Guido Italy
Educational program in robotic surgery

04:15 pm - 04:30 pm
Lecture 6
Giuseppe Pozzi Italy
Abdominal wall muscles diastasis repair by LAP-T Mini Laparoscopic Technique
Day 1
Thursday

04:30pm – 05:00pm
History of Medicine Lecture

SPEAKER
Yasser Saad El Din Egypt
Medicine in Islamic Civilization

Chairpersons
Mohamed El Shobaky Egypt
Mostafa Abou El Nasr Egypt

Day 1
Thursday
05:00pm – 05:30pm
Culture Lecture

SPEAKER
Mohamed El Baz Egypt
A walk in old Cairo

Chairpersons
Ahmed G. El-Sharkawy Egypt
Rady Saad Egypt

05:30pm – 06:00pm
Opening Ceremony

Holy Quran
Ahmed Lotfy
Treasurer, ESLS

Mohamed Hakky
Congress Secretary General

Hassan Shaker
Secretary General, ESLS

Adrian Park
Guest of Honor

Gianluigi Melotti
Honorary President, MMESA & Congress

Faheem Bassiony
President, ESLS & Congress

06:00 pm
DINNER
CHOOSING YOUR INSTRUMENT JUST GOT A LOT EASIER.

LigaSure™ Retractable L-hook
Laparoscopic Vessel Sealer/Divider

COMBINING 5 INSTRUMENTS
with the reliable performance of LigaSure™ technology and Valleylab™ monopolar energy

Day 2
FRIDAY
Day 2
Friday

Bariatric & Metabolic I

CHAIRPERSONS

Alaa Abbas  Egypt
Ali Fardoun  UAE
Ayed Alqahtani  KSA
Manana Gogol  Georgia
Mohamed Jarallah  Kuwait
Mousa Khoursheed  Kuwait

10 min  Hossam Ghazy El Banna  Egypt
Correlation Between the Number of Ghrelin-Secreting Cells in the Gastric Fundus and Excess Weight Loss after Sleeve Gastrectomy

10 min  Adel Abdel Aziz  Egypt
Metabolic Surgery: Challenges and Opportunities, Diabetologist Perspective

10 min  Ali Fardoun  UAE
What Options After Weight Regain in Bariatric Surgery

10 min  Manana Gogol  Georgia
The Way From Bariatric Surgery to Good Result

15 min  Alaa Abbas  Egypt
Third Bariatric Procedure is becoming a common fact

15 min  Mousa Khoursheed  Kuwait
Reflux after Sleeve. Is it preventable?

15 min  Mousa Khoursheed  Kuwait
Endoscopic Sleeve Gastroplasty. Is it safe and effective?

15 min  Ayed Alqahtani  KSA
Endobariatric as a revisional procedure

15 min  Ayed Alqahtani  KSA
Distal Bypass as a revisional procedure

12:00 – 01:00 pm Coffee Break & Gomaa Praying

Hilton Heliopolis, Cairo, Egypt
14th–16th February, 2019
HALL A
Day 2
Friday

10:00 am – 12:00 pm
Session 2

H.B.P (I)

Chairpersons: Ahmed Nassar (UK), Ashraf Zein Eldin (Egypt), Casoni Pattacini Gianmaria (Italy), Gamal Mousa (Egypt), Hameid Jali (Libya), Marco Scatizzi (Italy)

Mohamed El Sheikh (Egypt)
Two years experience with selective Intraoperative cholangiography in laparoscopic cholecystectomy

Mohamed A. El Gawad (Egypt)
Comparative study between ERCP vs conservative measures for management of undilated common bile duct with stone. Prospective randomized study

Said Elkayal (Egypt)
Postcholecystectomy cystic duct stump syndrome, LAPAROSCOPIC management

Ahmed Nassar (UK)
Management of Bile Duct Stones, back to the future

Hameid Jali (Libya)
The difficult cholecystectomy; laparoscopic completion is the best salvage strategy

Casoni Pattacini Gianmaria (Italy)
The use of ICG during laparoscopic coledochoscopy in a difficult case of common bile duct stones

Alaa Redwan (Egypt)
Remnant Gall Bladder and Cystic Duct Stump Stone After Cholecystectomy: Tertiary Multicenter Experience

Mohamed Maatouk (Egypt)
Gallstone pancreatitis management: Are we following the guidelines?

12:00 – 01:00 pm
Coffee Break & Gomaa Praying
Day 2
Friday

Italian Day

Chairpersons:

De Sena Guido Italy
Diego Visconti Italy
Giuseppe Pozzi Italy
Rispoli Corrado Italy
Sara Coppola Italy
Scabini Stefano Italy

10 min • Marco Scatizzi Italy
Videolaparoscopic CME right colectomy: a new challenge (VIDEO)

10 min • Alessandro Sandrini Italy
Laparoscopic inter-sphincteric rectal resection

10 min • Botteri Emanuele Italy
Occlusive complication after laparoscopic inguinal hernia repair. Case report and literature review

10 min • Scabini Stefano Italy
Non technical skill: a model to develop multidisciplinary approach to rectal cancer.

10 min • Sara Coppola Italy
Enterotomy single layer closure with Filbloc in laparoscopic right colectomy with intracorporeal anastomosis: a single-center experience

10 min • Domenico Marchi Italy
Emergency laparoscopic approach in iliac and suprapubic incisional hernia: role and application in anatomical challenging sites

10 min • Diego Visconti Italy
Applicability of ERAS protocol in an emergency surgery division: our experience

10 min • Lorenzo Pandolfini Italy
Intermediate videolaparoscopic gastric resection for a big posterior wall GIST (video presentation)

10 min • Rispoli Corrado Italy
Right hemicolectomy: from low-cost to luxury

10 min • Sara Coppola Italy
Enterotomy single layer closure in laparoscopic right colectomy with intracorporeal anastomosis using an autoblocking barbed suture: operative technique

10 min • Botteri Emanuele Italy
Preincisional anesthesia in laparoscopic surgery: comparison between transversus abdominis plane block and local infiltration a randomized controlled trial

10 min • Rispoli Corrado Italy
Trans-anal excision (TAE) of rectal cancer: tips and tricks
Pediatric Surgery

Chairpersons

Maged Ismail Egypt
Mohamed El Barbary Egypt
Rafik Shalaby Egypt
Sameh Abdel Hay Egypt
Sameh Shehata Egypt
Yasser Saad El Din Egypt

Day 2
Friday

HALL B

10 min

Mohamed Elsherby Egypt \ Sameh Abdel Hay Egypt
Radio frequency ablation vs thoracoscopic sympathectomy in treatment of palmar hyperhidrosis. Comparative study

10 min

Mohamed Sawaf Egypt
Short term effect of Laparoscopic Sleeve Gastrectomy on Metabolic Syndrome in Adolescent Obesity

10 min

Adham Elsaied Egypt
Hyperinsulinemic hypoglycemia of infancy: Laparoscopic pancreatectomy Mansoura Experience

15th February

10 min

Ahmed Fares Egypt
Posterior Extra Peritoneal Laparoscopic Adrenalectomy for Children with Adrenal Tumors

10 min

Khaled El-Asmar Egypt
Laparoscopic transperitoneal pyeloplasty: our early experience

10 min

Sameh Shehata Egypt
Laparoscopic management of abdominal testis, lessons after 10-years’ experience

10 min

Sherif Shehata Egypt
Tailoring Your Laparoscopic Technique in Pediatric Inguinal Hernia Repair

10 min

Hamed Seleim Egypt
Laparoscopic Partial Splenectomy in Pediatric Age Group: Cairo University experience

10 min

Akram Elbatrany Egypt
Laparoscopic assisted pull through for long segment Hirschsprung disease: No vessel sealing energy device

10 min

Mohamed Elbarbary Egypt
Thoracoscopic repair of congenital esophageal atresia. Cairo University experience.

10 min

Mohamed ELDebeiky Egypt
Anterior diaphragmatic hernia repair: ideal model for MIS

10 min

Maged Ismail Egypt
Single Port Needleless Laparoscopic Appendectomy Using Medflex Needle New Simplified Technique
THE FUTURE OF STAPLING IS IN YOUR HANDS. TODAY.

AUTOMATICALLY ADJUSTS FIRING SPEED IN REAL TIME. \(^1-^3\) AND TELLS YOU WHEN IT DOES.

The world’s first smart stapler gives you real-time feedback in the palm of your hand.

Tri-Staple™ 2.0 cartridges with Signia™ loading units

Signia™ stapler featuring Adaptive Firing™ technology

LUNCH
Flexible Video Choledochoscopes

The flexible video choledochoscopes from KARL STORZ allow exploration of both the intra- and extrahepatic bile ducts as well as the surgical removal of gallstones.

Special Features:

- “Chip-on-the-tip” technology for excellent image quality*
- Compatible with the IMAGE1 S™ platform and backward-compatible to IMAGE 1 HUB™ HD
- Menu navigation via camera head (e.g., Picture-in-Picture)
- Minimal sheath circumference – 2.8 and 5.3 mm
- Infinitely adjustable deflection up to 270°
- Direct transmission of hand movements through to the distal end

Bleeding in bariatric surgery diagnosis and management

10 min • Mohamed Youssef Egypt
Laparoscopic gastric plication : standardizing the technique, video

10 min • Elie H. Chelala Lebanon
Conversion of lap band to sadi-s for weight regain (video)

10 min • Ali Fardoun UAE
Sleeve Gastrectomy Conserving Antrum

10 min • Rajkumar Vinayak Malaysia
Revisional Bariatric Surgery for Weight Regain/ Recedivism: Strategies & Techniques of Revising a Gastric Bypass

15 min • Khalil Zayadin Jordan
Sleeve torsion a not so rare complication and how to prevent

15 min • Abdelrahman Nimeri USA
Why do we need to treat Super Obese patients like Stage III Cancer?
Day 3
Saturday

12:30pm – 02:30pm
Session 10

Solid Organs

Chairpersons
- Adel Fouad Ramzy, Egypt
- Andrew A. Gumbs, USA
- Farouk Mourad, Egypt
- Gamal Emira, Egypt
- Tamer Nabil, Egypt
- Waheed Yousry, Egypt

Alphabetical Order

Andrew A. Gumbs, USA
Laparoscopic Total Pancreatectomy for Chronic Pancreatitis

Khalil Zayadin, Jordan
Laparoscopic treatment of pancreatic pseudo cyst. An ideal approach by laparoscopy

Adel Fathy, Egypt
Laparoscopic extraperitoneal pelvic and para-aortic lymphadenectomy (video presentation)

Ibrahim Abdelkader, Egypt
Laparoscopic Management of Hydatid cyst of the Liver: From small to large cyst.

Mohamed Sharshar, Egypt
Laparoscopic distal pancreatectomy and splenectomy for pancreatic body tumor...video presentation

Soliman Elshakhs, Egypt
Laparoscopic liver anatomy: key to anatomical right hepatectomy

Eslam Barsim, Egypt
Tips & tricks for safe laparoscopic splenectomy

Laparoscopic Versus Open Adrenalectomy in Functional Adrenal Tumors.

Ahmed El Gendi, Egypt
Laparoscopic Radical nephrectomy for renal Cell carcinoma

Ahmad Khalil, UK
Review of recommendation of Laparoscopy in pregnant woman and case report of ovarian torsion and Laparoscopy oophorectomy in pregnancy

Ahmed Rushdy Elalfy, Egypt
Unusual findings during laparoscopic appendectomy
Day 3
Saturday

Bariatric & Metabolic IV

Chairpersons
- Abdel Moaty Hussein, Egypt
- Abdelrahman Nimeri, USA
- Ashraf Bakr, Egypt
- Khaled Kattri, Egypt
- Mohey El Banna, Egypt
- Tamer Nabil, Egypt

10 min • Abdelrahman Nimeri, USA
GERD after Sleeve gastrectomy: what is the evidence?

10 min • Abdelrahman Nimeri, USA
How to avoid complications in LSG, OAGB and RYGB?

10 min • Ahmed Saad, Egypt
Injury of a major lymphatic duct at the level of left crus of diaphragm during laparoscopic sleeve gastrectomy

10 min • Abdel Moaty Hussein, Egypt
Prophylactic antibiotics in Bariatric Surgery

10 min • Mostafa Gamal, Egypt
Challenges and pitfalls in bariatric revision surgery

10 min • Khaled Kattri, Egypt
Acute para-oesophageal gastric herniation after Laparoscopic sleeve gastrectomy: two cases presentation and review of literature

10 min • Heba Elkomy, Egypt
Band to bypass one session when and how?

10 min • Mohamed Sharshar, Egypt
Redo bariatric procedures for weight regain... Dilemma of decision

10 min • Mohamed Diaa, Egypt
Unclassic revisional surgery for unclassic bariatric surgery

10 min • Mena Zarif Helmy, Egypt
Staple line reinforcement during laparoscopic sleeve gastrectomy: Pros and Cones: Our early experience in Sohag University Hospital

10 min • Tamer Ibrahim Othman, UAE
Role of CT and 3D CT in evaluation of post Bariatric Surgery complications

10 min • Mohamed Elmnakhly, Egypt
Intra-operative difficulties during Laparoscopic Sleeve Gastrectomy
Day 3
Saturday

Session 12
02:30pm – 04:30pm

CHAIRPERSONS

Ahmed Shehata Kawashty Egypt
Mohamed Hamdy Egypt
Nader Hashem Egypt
Reda Saad Egypt
Soliman El Shakhs Egypt
Aly El Shehry Egypt

Talaat Abdallah Egypt
Laparoscopic Whipple operation: early experience

Mohamed Youssfi Egypt
Socioeconomic status: does it affect choice of technique

Tamer N. Abdelbaki Egypt
Laparoscopic Retroperitoneal Lumbar Sympathectomy

Ashraf Shawky Egypt
TAPP: How I do it (Stepwise teaching approach).

Ahmed Marzouq UAE
Management of Failed and Complicated Gastric Band: Personal Experience and Proposed Management Plan

Tamer Saber Egypt
Impact of obesity treatment on gastroesophageal reflux disease

Alaa Mostafa Sewefy Egypt
2 years follow up results of single anastomosis sleeve jejunal bypass (SASJB) procedure as a treatment of morbid obesity

Hosam Hamed Egypt
One anastomosis gastric bypass for failed VBG-mansoura experience

Abdelfattah Morsi Egypt
Laparoscopic cholecystectomy in the cirrhotic patients

Esam Osman Egypt
Endseal harmonic scalpel versus conventional Method in laparoscopic cholecystectomy

Hamdy Sedky Egypt
One-Stage Laparo-Endoscopic Treatment of Cholecysto-Choledocholithiasis

Ahmed Elsaady Egypt
Extensive Subcutaneous Emphysema after Laparoscopic Cholecystectomy

LUNCH

Controlled compression for a secure anastomosis¹

Ethicon Circular Stapler

Described for better healing²
- The Ethicon Circular Stapler (ILS) with its controlled tissue compression and Adjustable Height Staple Technology is designed to deliver optimal compression needed for a secure anastomosis and effective perfusion to promote healing²

Less tension on tissue during closure and opening²³
- Continuously smooth anvil shaft creates less excess tissue draw during anvil closure compared to the Covidien DST Series EEA²
- Fixed anvil design causes less tension on the anastomosis with less strain on the staple line during opening compared to the Covidien DST Series EEA²

More device feedback when firing⁴⁵
- Breakaway washer provides 5x more tactile feedback⁴ and 16x more audible feedback⁵ compared to the Covidien DST Series EEA

Bleeding is a Burden

SURGICEL™ Family of Absorbable Haemostats

“Surgery has, essentially, four big killers wherever it is done in the world: infection, bleeding, unsafe anaesthesia, and what can only be called the unexpected.”

Continuous oozing will not stop with compression/simple packing. The solution for this bleeding is more time-consuming than it is difficult¹

32% - 68% of open surgical procedures experience disruptive bleeding events²

Demonstrated bactericidal activity in vitro against most common pathogens associated with HAIs³⁴

Atul Gawande, MD
Assoc. Professor of Surgery, Harvard Medical School, Assoc. Professor of Health and Policy and Management, Harvard School of Public Health
